

Letter of Recommendation for Mr. Ken Quinn

To Whom It May Concern,

As the Art Director and co-founder of WMQ Strategic Studio, Inc., it is a pleasure to write this letter of recommendation. Ken was a co-founder of WMQ Strategic Studio, Inc., as well as an account manager from October 2002, until April 2004. WMQ is a brand development firm specializing 'brand videos', a concept Ken helped pioneer.

Ken was responsible for shaping our business plan. He helped acquire many of our clients; he created opportunities for publicity, maintained our website, and was critical to the production of many projects. Ken has been indispensable in his efforts to brand WMQ as an experience. It was his creativity and technical know-how that placed our website at the top of Google for 'Missoula marketing'. Ken is a creative thinker, a courageous entrepreneur, and a trustworthy business partner.

Ken takes a leadership role in anything he sets his mind to. He is a talented multi-tasker with a passion for his field. Ken rallied the community of Missoula around his concept for the 'Missoula Creative Video project', an interactive CD/DVD to be used as a branding tool for our city. WMQ's clients have always been completely satisfied, as he gets the job done beautifully and on time. Ken has been an asset to our company, and a dedicated professional.

I recommend Ken to any company. He is thorough, reliable, hard working and a pleasure to work with.

Sincerely,

Nicole Mrazek
Art Director / co-founder
WMQ Strategic Studio, Inc.
